### News and Comment.

A "cop" is on trial in Cincinnati for  
calling the mayor a "pinhead." The  
mayor is playing in luck not to have a  
worse epithet applied. We have heard  
much worse things said of such officials.

The new tariff bill reduces the duty  
on automobiles from 45 to 30 per cent.,  
which will help some, if you feel that  
you are just bound to have a machine or  
foreign make.

"I believe the men selected to serve  
the people, elective or appointive, should  
be clean, honest and sober men, and to  
that end I submit my claims to the peo-  
ple." That's the way a candidate for  
commissioner at Lexington announces.  
He is evidently a good man and knows  
it, or thinks he does, and expresses it  
even at the risk of an exhibition of ego-  
tism.

Gov. Hooper has called the Tennessee  
Legislature into extra session again, ap-  
parently not convinced that it has dis-  
graced the State past redemption. El-  
ther he is a fool or crazy to tempt fate  
again.

After less than a month of married  
life, the bride of Former King Manuel,  
of Portugal, has become estranged from  
her husband and she will return to her  
father, Prince William. We could have  
told you that a sensible girl would not  
live long with a man who smoked a ci-  
garette during his wedding march, as  
the pictures of it disclose, even if she  
was foolish enough to marry him after  
his escapade with the variety actress.

A dispatch from Pikeville says a wo-  
man was arrested there for bootlegging.  
Where did she carry it?

Chairman Underwood says it is the  
lowest tariff for years. Good. When it  
is gotten entirely to a revenue only ba-  
sis, the time won't be long before that  
much-desired hope of free trade and  
sailors' rights will be ushered in.

A Fleming county man settled the  
question of what to do with mother-in-  
laws by cutting a hole in his when she  
tried to separate him and his wife.

The crop of fools grow apace. An or-  
ganization, which doesn't give its name,  
has petitioned the Postmaster General to  
exclude the Bible from the mails, be-  
cause it contains obscene and immoral  
matter. Usually when the suggestion  
is made to bar books from the mails for  
that reason, the result is increased sales  
and greater reading of them. If that is  
the case in this contention, good may  
come out of evil intention.

When the ocean going tug Gatun made  
the initial trip through the Gatun chain  
of locks in the Panama Canal last Fri-  
day, the cost to that time had been \$295-  
587,558. Concurrent with the announce-  
ment comes one from the President of  
Peru that when the canal is finally  
opened, beef from that country will sell  
here at 10 cents a pound. If that is true  
then the ditch will be worth all and  
more that it has cost.

Editor Graham Vreeland, of the Frank-  
fort State Journal, accuses us of writing  
an article in the Lexington Herald in  
which anger was exhibited against the  
intelligent type setter for the emascu-  
lation of copy, in "puerile words." Never  
desiring credit for anything, good or  
bad, that we are not entitled to, we will  
say for the benefit of the Frankfort man  
that our side partner, Mr. Enoch Gre-  
han, is the author of those "puerile  
words" and that he is the kind of an

Irishman who will not submit to that  
sort of criticism. He is the veritable  
bad man from bitter creek, and Brer.  
Vreeland had best not deaden over his  
line.

Mrs. Nicholas Longworth is going to  
make a trip around the world and leave  
Mr. Nicholas Longworth alone in Cin-  
cinnati, giving as a reason that Nick is  
not acquainted with the same crowd  
that she is. As Mrs. Nick is said to  
drink high balls and smoke cigarettes,  
Nick should be glad he is not.

### Good Roads Days.

Gov. McCreary has issued a proclama-  
tion calling upon the people in every  
county in the State of Kentucky to work  
on the roads in their respective counties  
on Friday and Saturday, October 24 and  
25, commencing at 8 o'clock in the morn-  
ing each and continue until 5 o'clock in  
the afternoon.

"The county judge and engineer of  
each county are directed to aid the peo-  
ple in complying with this request, and  
they are authorized to select such per-  
sons as may be needed to assist.

"In every county where there is no  
engineer or where they fail to act, the  
sheriff or other persons are author-  
ized to organize and comply with this  
proclamation."

If everybody will respond, there will  
be much more pleasure and profit in  
traveling over roads this winter.

### What The New Tariff Will Produce.

For the year ending July 31, 1914:  
Receipts \$1,029,000,000, expenditures  
\$1,013,000,000; surplus \$16,000,000.

For the year ending July 1, 1915:  
Receipts \$1,026,000,000, expenditures  
\$1,008,000,000; surplus \$18,000,000.

The estimated receipts under the cus-  
toms tariff, the income tax and the cor-  
poration tax, embraced in the new tariff  
are given as follows:

For 1914:  
Customs revenue \$270,000,000, income  
tax (ten months) \$60,000,000, corporation  
tax, \$38,000,000.

For 1915:  
Customs revenue \$249,000,000; income  
tax \$83,000,000; corporation tax \$30,000,  
000.

### Berkshire Association.

The Kentucky Red Berkshire Associ-  
ation was organized at Lancaster coun-  
ty court day. J. G. Burnside, of Upper  
Garrard, was chosen president; Samuel  
H. Harris, of Lincoln county, vice-presi-  
dent and W. O. Walker, of Stanford,  
secretary and treasurer.

### Watts Wins.

The Appellate Court affirmed the de-  
cision of the lower court, which upheld  
the action of the Jessamine county elec-  
tion commissioners in giving the certifi-  
cate of nomination for county attorney  
of Jessamine to W. M. Watts, who de-  
feated W. J. Baxter. Baxter's contest  
was thrown out.

### Offers a Big Temptation.

A negro, arrested for selling liquor in  
this city, told the arresting officer, De-  
puty U. S. Marshal Coleman, that he had  
averaged about \$7 profit on every gallon  
sold. He stated, however, that a white  
man had a "take out." With such an  
enormous profit, it's no wonder so ma-  
ny are tempted to engage in the nefar-  
ious practice. —Danville Messenger.

### October 3 and 4.

Moore's Air Tight Heater is construct-  
ed especially to burn all the Gas, the  
Smoke and the Soot of soft coal. Dem-  
onstration October 3 and 4. Come and  
see at W. F. Higgins' Furniture Store,  
opposite Glyndon.

### Blame The Hens.

"Do you furnish affidavits with your  
eggs, showing exactly the minute they  
were laid?" asked the fussy lady.

"No, ma'am, we do not," replied the  
marketman, politely. "We tried to fur-  
nish such affidavits, but the hens pos-  
itively refused to sign them."

### Don't Fail to Register.

The Climax wishes to impress upon  
every lover of his county and State to  
register next Tuesday, October 7. With-  
out doing so you cannot vote at the No-  
vember election, when county officers  
are to be chosen. Democrats especially  
are urged to attend to this important  
matter. The voting places will be open  
from 6 a. m. to 9 p. m. in order to ac-  
commodate every class of voters.

### Lancaster to Keep Open House.

Tomorrow, Oct. 4, the merchant's and  
citizens generally of Lancaster will open  
wide their doors and extend true Ken-  
tucky hospitality to both townsmen and  
others in the county, as well as visitors  
from other counties. A splendid brass  
band will render music throughout the  
day and burgoo will be served in the  
park.

### SILVER CREEK NOTES.

Mrs. E. O. Farris is visiting her son,  
Mr. Wm. Farris, at St. Matthews.  
Mrs. Anna B. Roop is visiting in Lan-  
caster.

Mr. and Mrs. H. C. White left last  
week for Lait, where they will make  
their future home.

Mr. N. Gilbert, of Richmond, spent  
Sunday here with friends.

Mrs. J. B. Nantz is in Louisville, the  
guest of her mother, Mrs. J. P. Collins.  
A new bridge is being erected across  
Silver Creek, to take the place of the  
one washed away by the flood of last  
spring. The work is being superintend-  
ed by E. R. Mills, of Covington.

S. J. Underwood is visiting his par-  
ents at Williamsburg.

Miss Bessie Raybourn, who has been  
very ill of typhoid fever, is slowly im-  
proving.

K. E. Anderson spent Saturday and  
Sunday with Louisville friends.

### Recovered From Junk Pile.

The value of "secondary metals"—  
exclusive of gold, silver, platinum, iron  
and aluminum—recovered in the United  
States in 1912, reached the enormous  
total of \$77,395,843, compared with \$22-  
585,390 in 1911, according to J. P. Dun-  
lop, of the U. S. geological survey, an  
increase of \$25,000,000, or nearly 50 per  
cent.

"Secondary metals" are those recov-  
ered from scrap metal, sweepings, skim-  
mings, dross, etc., and are so called to  
distinguish them from the metals deriv-  
ed from ore, which are termed "primary  
metals."

The values given for the secondary  
metals are arbitrary and are based upon  
the approximate average value of the  
primary metals for the year. While  
junk dealers and collectors frequently  
pay low prices for small quantities of  
scrap metals, competition results in good  
prices for carefully assorted products in  
large quantities.

After remelting or refining the metals  
are sold at only slightly lower prices  
than new metal. These secondary met-  
als displace an equivalent quantity of  
primary metals and must be considered  
in any estimate of stocks available for  
consumption in any year.

Plenty of Oats and all kinds of field  
seeds at attractive prices. See us

While everybody seems pleased that the case of the Winchester banker, jailed for contempt, has been settled, lawyers say that they do not see how Judge Benton could disregard the plain letter of the law and not bar the self-confessed vote buyers, reported by Mr. Hampton, from holding office or voting.

## John R. Gibson & Co.

Dec. 19 last year. Since that time there hasn't been a single case of typhoid in the army. Major Russell states that in the past four years 250,000 persons have been vaccinated without a single death or injurious result.

With this knowledge before them, it will be a greater disgrace than ever for any one to die of typhoid fever. A never failing remedy has been found and suffering humanity can be relieved of one of its greatest ills, which cuts down to many people annually.

Time and is at last in sight. The present Congress met in extra session April 7. Except for the special session of the 10th Congress, beginning March 4, 1897, and ending Dec. 2 following, the existing body has already made a record. It is also noteworthy that with the exception of the Wilson-Gorman tariff, the pending tariff bill has been under consideration longer than any other measure of the kind since the Civil War. The McKinley bill, introduced April 16, '90, was passed Sept. 30. The Wilson-Gorman bill, introduced at a regular session Dec. 19, '94, became a law Aug. 13, '94. The Dingley bill, introduced March 15, '97, was passed July 21. The Payne-Adams bill was passed from March 13, 1900 to Aug. 5. Last night the Senate passed the tariff bill 55 to 17. The measure was then sent to the House today and is expected to be passed by the end of the session. And the consummation of this long and arduous task will have been accomplished.

As chairman of the Committee on the District of Columbia, Congressman Ben Johnston is practically Governor of the District, and he is saving the country a great deal of money, which was formerly extravagantly spent. He has been threatened and criticised, but he keeps on at it. Recently he assailed the official conduct of the corporation counsel of the District in a speech in Congress and yesterday the head of it resigned, showing that Mr. Johnston's investigation of the office has struck pay dirt. There must be something very crooked when a man will resign a \$3,000 office under such heavy fire.

A Missouri judge has decided that a wife has the right to use a broomstick on an offending husband. This decision has been somewhat offset by an Ohio judge, who holds that husbands have a right to tie to their wives. If both decisions are good law, erring husbands can save themselves the punishment under the one by invoking the privilege of the other. In other words, they can lie like gentlemen when accused and save themselves from contact with woman's time-honored weapon.

EDITOR T. SANDERS ORR has bought the controlling interest in the Harrodsburg Leader of F. P. James and is now in full control and making a good paper of it. It was formerly the Democrat, then the Republican and Mr. Orr changed the name to the one it now goes by and made it an exponent of Col. Roosevelt's principles. The same type has, therefore, been made to urge the claims of three parties.

THE Louisville papers make a great blarney over the fact that Preacher E. L. Powell will support the Democratic ticket, as he does not like the Progressive party's management against fusion. Is the preacher in politics so important that the mere announcement of his position throws the politicians into convulsions?

A BILL designating the first Sunday in June as "Fathers' Day" was introduced in the House by Representative Moore, of Pennsylvania. We second the motion. Everybody gets something but father. It is time the poor fellow had an inning, for doing all the work and paying all the bills.

### Gibson in New Role.

John R. Gibson, of Richmond, candidate for the Daviess Collectorship, appeared in a new role and acquaintances passing through the rotunda in the Capitol stopped, looked in surprise and wondered if he was preparing to go to the lecture field. Mr. Gibson is known for his good nature, and when Major Alfred Judson, formerly of Jackson's Corps of the Confederate Army, appeared with a big flag, which he is dedicating to a movement for universal peace, and asked Mr. Gibson to hold it, that the gentleman willingly complied.

All this happened right in front of a huge picture of Gen. Washington surrendering his commission in the Revolutionary army before the Kentucky legislature. Before the Kentucky legislature realized what was happening he was surrounded by a crowd of earnest women and a few men, with Major Judson in the forefront, and the latter had started on an impressive speech. It does not take very much to attract a crowd under the big dome, and as the words of the veteran rang out, thrown backward and forward by the famous whispering stone, all eyes were on the little band.

Mr. Gibson is tall and imposing, and as he held the mast of the flag strangers stopped and asked in whispers who he was and what he had done.

Those who knew Mr. Gibson did not wonder that his face rather had a pained look as he thus unsuspectingly had fame thrust upon him, but he proved equal to the demands, even when some of the overzealous women in the band pushed forward and fervently kissed the folds of the flag as it was gracefully unfurled in the hands of the Richmond man.

Friends of Mr. Gibson said the incident proved that he was always equal to the occasion, and that he would be right on the job and equal to it if named Collector. —Louisville Post, Washington Cor.

## CHANGE IN OUR TAX LAWS NEEDED

Constitutional Amendment  
To Be Voted On In  
November

### EQUITABLE SYSTEM DEMANDED

Last General Assembly Passed an Amendment to the State Constitution Relating to Revenue and Taxation.

Frankfort, Ky., (Special).—The last General Assembly in Kentucky passed an amendment to the State Constitution relating to revenue and taxation with a view of abolishing the antiquated general property tax and substituting a more flexible system known to be more equitable and productive of greater revenue in other states.

The tax commission appointed under another act at the same session made a thorough investigation and reported unanimously in condemnation of the present law and strongly urged the adoption of the amendment by the voters at the November election. It is a significant fact that since the adoption of the present Constitution in 1891, which provided that "taxes should be uniform on all property," a large volume of personal property has disappeared from the assessors' rolls for the simple reason that such property was taxed out of existence or at least out of sight.

The owner of a bond, for instance, who received 4% interest and was called upon to pay in some instances 2 1/2% or more in taxes either sold his bond or failed to return it for taxation and cash, notes, bonds, stocks in foreign corporations and such like investments are apparently no longer owned by Kentuckians.

Burden of Taxes Transferred. This has had a tendency to transfer the burden of taxation to real estate and other property in sight and is not only unequal but unjust.

The real estate owner has sought to diminish its value and in order to protect himself transfers his property for "one dollar and other valuable considerations" has demoralized the true values and leaves the assessor no guide to follow.

Our citizens have unblushingly omitted such items in their returns for assessment and have felt justified in doing so.

The finances of the state have fallen into confusion and revenue agents and arbitrary boards of so-called "Equalization" have failed to discover such property and secure their assessment.

Under the present law every man is practically his own assessor and the courts have sustained the practice, as the law permits no other course.

General Property Tax Desirable. Other states have long since recognized the inefficiency of the "General Property Tax," and in these states we see enterprise rewarded and wealth accumulated, while the tendency in Kentucky has been to hide our light and incidentally our taxes under a bush of the collector's discovery.

Our progress has been retarded. Our population diminished and aside from the land owners and some merchants we do not seem to have much wealth left in the state.

Money like water flows along the lines of least resistance and we throw up a dam, however slight, it will be diverted.

Such a trifling obstacle as taxes, if unequally distributed, may prove to be a barrier of insurmountable proportions, however insignificant it may seem from a casual view.

No one desires willingly to become a law breaker, a deceiver or an evader, and yet he must be of all these if he follows the old maxim, "When in Rome you must do as the Romans do."

Is this true? Go look at the assessor's books and see where men who are known to be wealthy get off by paying little or no taxes on personal property assessed by themselves.

Do self-respecting men care to follow this example?

A shrewd business man may have large investments in bonds and fall taxes, but he is not a law breaker and he is known to be wealthy get off by paying little or no taxes on personal property assessed by themselves.

A widow or orphan may be left bonds and the estate may have to be settled in court. The revenue agent finds it out and sues for omitted assessments of former years and the assessor puts them on the tax list. The widow or orphan are compelled to pay two or three per cent in taxes and live on the remainder.

Is such a system fair?

Taxes, in a free self-governed country, should be the least matter to worry about and yet they can be made so unfair and irksome they drive people away and keep others from coming in. This is happening all the time in Kentucky.

We have a chance to remedy this evil and if disregarded now we will have to wait another five years before it presents itself again.

It is a clear duty to vote for this constitutional amendment at the November election and every citizen in the state should vote himself and urge his neighbor to do the same. If Kentucky is ever to be dragged out of its lassitude and kept in the front rank of progress, prosperity and peace.

Of Interest To Farmers.

W. P. Kincaid bought Geo. W. Carter's 512 acres of tobacco in the field for \$600 and will handle it himself. —Stanford Interior Journal.

W. B. Burton shipped his second car load of stock this season, to the Wilson Live Stock Co., of Wilson, N. C., on Wednesday, 12 horses which cost \$165 each and 11 mules for which he paid \$200 per head. Mr. Geo. D. Robinson shipped a car load of horses and mules, 25 in number, to Cordele, Ga. The stock cost him from \$150 to \$245, and included in the lot was a pair of mules purchased of James Peoples for \$500. —Lancaster Record.

"Cordy" Mountjoy bought of various parties twelve suckling mare mules at from \$100 to \$130. Mr. Mountjoy sold eight of the above to L. V. Harkness, the millionaire turfman, for \$850. This makes thirty-six hybrids he has sold to the public and equal to it if named Collector. —Anderson News.

### A Suggestion or Two.

A friend handed the editor the following which is worthy of thought: Many persons make complaints from time to time about the water rate, the gas bills and electric bills, etc., and may it not be worth while for the city to have a public inspector to read all meters each month and pay for such service out of the city treasury? By this means the people would know whether they were overcharged for such public conveniences; otherwise it seems to many persons that in order to protect the public interests that all these public utilities should be owned by the city. It is a pertinent question "Why should private corporations fatten at public expense?" The laundry agents and works of this city are in the "laundry trust" and have increased their prices from 25 to 50 per cent the past month. Has the patrons' income increased accordingly? How about a good man for an "out of the trust" agency for the city and let all the people stand by him, even after honest prices are restored. Who will be this "trust buster"? We are with you, and to stay. —Pro Bono Publico.

### NEWS NOTES

Three persons were burned to death in a fire at New Haven, Ky.

The personal property of John D. Rockefeller in the city of New York is assessed at \$5,000,000, leading the personal property list of that city.

Ben White, who was killed in Clark county Sunday, was to have married Miss Mae Ewing next month, and she is heart-broken over his untimely death.

President Wilson approved the new Federal regulations for the protection of migratory, game and insectivorous birds promulgated by the Department of Agriculture.

Governor McCreary has proclaimed Thursday, October 9, the anniversary of the Chicago fire, as Fire Prevention day in Kentucky. The Governors of practically all the States are taking similar action, and that day will be generally set aside for the consideration of the fire waste of the country and of the State, with exercises in the public schools and meetings of commercial organizations, and for the cleaning up of premises in preparation for the fire hazards of the fall and winter.

### Church Notes

Dr. Yennell's meeting at Harrodsburg Christian church continues with unabated interest. More than 75 have united with the church. No time has been set for closing and the meeting is still in progress.

At the Louisville Conference, which met in Campbellville, it was reported to the body that about 4,000 additions had been made during the year, over half of which was by profession of faith.

About seventy-five men have arranged to attend the Presbyterian banquet at the Masonic Temple on next Monday night. Elegant covers are being provided and a delightful social evening is in store for these men.

Dr. F. W. Hinit, of Danville, will preach at the morning service at the First Presbyterian church next Sabbath. He is a most charming preacher and a man who always has a modern and helpful message for the people. The public is cordially invited to hear him.

During the services conducted by Dr. Ogden in this city next week at the Presbyterian church, some splendid music will be rendered by various ladies. On Tuesday night, Miss Wiggins will sing; Wednesday, Miss Bright; on Thursday, Mrs. Hanger, and on Friday Miss Alley.

Next Sabbath is Rally Day at the Presbyterian Sabbath School and a good program will be rendered by the children and a goodly number of new pupils is expected to be enrolled. A class is there for everyone, and every one should be in a class.

Dr. Scanlon delivered his first address on the post Apostolic history of the Christian church, at his mid-week service this week. The series will be continued for about two months, touching different phases of the history and development of the church after the death of the last Apostle.

The latest trend of authoritative fashion for women is fully exemplified in the splendid assemblage of winter styles now being shown. B. E. Belue & Co. Telephone 768.

### CURIOUS BITS OF HISTORY

A SEVEN DAYS' FISHERMAN KING.

By A. W. MACY.

In 1647, when the kingdom of Naples was under the grinding rule of Spain, a fisherman of Sorrento went out to sea and was posted by the authorities. The whole population, including women and children, rallied around him. Forty years of Spanish oppression had made them frantic. They terrified the victor, realized the soldiers' success, and killed many of the Spanish residents. They secured a revocation of many obnoxious edicts, the abolishment of oppressive taxes, and full pardon for all who engaged in the insurrection. The fisherman, whose name was Masaniello, was the leader in all this, and he became the idol of the people. He ruled Naples for seven days, but his success came to have turned his head. He became dictatorial and oppressive, and was put to death by the populace. Hence he is called the Seven Days' King.

## Attention

I feel certain there would be fewer mail orders sent out of this town if the folks of this community realized how complete and up to the minute a stock of boys' and men's clothing and furnishings is at their disposal right here in this store.

Most people who order by mail do so under the belief that they are saving money and obtaining the benefit of a wider range of selection.

Every one acknowledges that when conditions are usual, the local merchant who assumes a liberal share of the burden of taxation and is in the forefront of every movement for the town's best interests is entitled to the preference.

Now my friends, the only favor I ask is that you investigate and satisfy yourself as to the correctness of my assertion. For example, I feature that splendid make of hand tailored clothes for young men, the famous "Collegian" line, also the National all wool standard for boys, "WOOLY BOY" Clothes, the "Florsheim Shoe for Men and the "Sil Kid" Shoe for Women.

See the great and pleasing variety of styles and patterns, compare these clothes which represent the utmost in quality, together with my very reasonable prices, with any mail order merchant you wish. Consider that you do not have to wait days or weeks for what you want, neither are you expected to pay for your selection before you see it. Also when any purchase you make here is not satisfactory I consider it a privilege to make it so and with out quibbling or waste of time consumed by correspondence.

Your patronage is solicited entirely on a basis of satisfying value and personal service which is possible only when customer and merchant meet face to face.

I hope you will take advantage of this invitation and put me to the test. Then you will do full justice to yourself in the matter of obtaining the greatest possible value and satisfaction in your clothing purchases.

Yours very truly

### Rheumatism and Bright's Disease.

Prof. Budlong was Quickly Relieved of Both Afflictions By Using Rheuma.

If you suffer from any form of Rheumatism, remember that RHEUMA goes to work quickly to remove the cause, not simply to relieve the distress. Many years' use has demonstrated that it goes to the seat of the disease and expels the poisonous matter through the natural channels—the kidneys, bowels, liver and skin.

"For many years I was troubled with Rheumatism, also with Bright's Disease of the Kidneys. I suffered awfully, tried many advertised remedies. After using your truly remarkable preparation RHEUMA, I was fully cured."—Prof. C. J. Budlong, Sound View, Conn.

RHEUMA is guaranteed by B. L. Middleton, who sells it for 50 cents a bottle.

Down in Mississippi, a white mob lynched two negroes and then rounded up all the darkies in town and drove them to where the bodies were hanging, warning them of a like fate if their behavior was unsatisfactory.

Mr. and Mrs. Wade Pedigo, of Warren county, after a peaceful married life of nearly half a century, had a misunderstanding which ended in a divorce suit. The petition was granted. They lived apart for a while, but neither could stand the separation and they were remarried Tuesday.

SHOES FOR WOMEN

DOROTHY DODD  
SHOES FOR WOMEN

Our message to women and young girls comes as a welcome most information in more ways than one. First, it tells of the new and beautiful Stylecraft Cloaks and Suits we are ready to show for Fall and Winter—styles that we guarantee to be absolutely correct in every particular. Second, it announces several features that must appeal to the wise and thrifty interested in saving on their purchases. The entire corps of Stylecraft designers, drapers and expert tailors who have shown such deep interest in producing the garments, deserve all the praise for turning out the most brilliant array of women's and misses' coats and suits it has ever our good fortune to show. In all our career as retailers we have never seen the equal of these garments for elegance, originality and intrinsic values. Every coat and suit is man-tailored, from the lowest price to the highest, making the work absolutely equal to custom made. In fact so care-

fully shaped and draped are all Stylecraft garments that we have no hesitancy in saying we are able to fit four out live customers without a single alteration. Come in and see them while our stocks are at their best, also visit our Millinery Department. Don't wait until you actually need something in millinery. Come now and see our display, we are always glad to show you

## Chautauquas.

Farmers Are Delighted With  
Efforts to Improve  
Conditions.

That the Farmers' Chautauquas held at several points in this county, have resulted in great good which will increase and multiply, there can be no question. The speeches awakened wide interest and the farmers are determined to profit by them. They also felt the benefit of mingling together in improving social conditions. In their resolution presented by Hon. C. L. Searcy, they give "honor to whom honor is due" as follows:

Whereas, we believe that the future of each rural community lies in school improvement, a closer co-operation among the farmers, better roads, a more united church, better agriculture, and anything that tends to the betterment of farm life.

Resolved, that we firmly believe this the most helpful meeting ever held in county, and pledge ourselves to a continuation of the splendid work already begun by the Chautauqua.

Resolved, that we extend our most heartfelt thanks to Mr. J. B. McFerran for his generosity and presence at our meeting. That we also extend our thanks to Dr. J. G. Crabbe, our various committees and all others who helped to make possible this splendid meeting. That we also extend our sincere thanks to the many good housekeepers of the neighborhood who have been so generous in their efforts to make everyone welcome and happy.

### Death of Mr. Ellison.

At 3 o'clock Thursday morning death came to the relief of Mr. Harvey Ellison at his home on Third street. He had been in bad health for a long time, which was aggravated by a fall some two years ago, by which his hip was broken. Since then, he has been bed-ridden. Mr. Ellison was 70 years of age and leaves a wife but no children. Four brothers and four sisters survive him—James B., Thomas and Amos Ellison, of this county, and George Ellison, of Texas; Mrs. J. F. Odham and Mrs. Butler Nize, of this county, Mrs. John Brooks, of Macon, Ga., and Mrs. Martin Maupin, of Texas. Mr. Ellison fought for the Lost Cause in the Civil War and his brother Confederates laid his body away in the Richmond Cemetery this afternoon.

### Birthday Celebration.

The children of Mr. J. C. Todd and their families got up a surprise for him on the occasion of his 79th birthday by setting a fine dinner, of which he knew nothing until he went to the dining-room, when he was much affected. Four generations were present and there were 35 present in all. They were: J. A. Todd and family, L. P. Todd, Mrs. R. L. Potts and family, (except Virginia, who is teaching at Buck Horn), White's Todd, W. A. Todd and family, T. S. Todd and family, Mrs. Jay Lackey and family, C. O. Todd and family, Mrs. R. L. Maupin and husband, Mrs. J. W. Taylor and husband, all live in Richmond, except the Potts families. Pictures were taken of Mr. and Mrs. J. C. Todd and children, then of the four generations and then all together. It was a delightful occasion, which the old people enjoyed most heartily.

### Death of Mr. Todd.

Mr. I. D. Todd, of Speedwell, died suddenly Thursday morning of organic heart trouble. He had been complaining for a week and at 4 a. m. yesterday he had a severe attack from which he seemed to recover, but was again stricken at 6 and died almost instantly. He had been called to come to breakfast and replied that he would be there in a few moments and not to wait for him. A groan was heard and before the family could reach him he was in the throes of death.

Mr. Todd was a leading farmer of his section, a good citizen and greatly respected. He was a member of the Baptist church and a Knights Templar, and an escort of Knights will accompany the remains to this city for burial, after funeral services at Viney Fork church at 10 o'clock Saturday. The remains will arrive about 1 o'clock and be met by the Masons, who will take charge of them.

Mr. Todd was 65 years of age. Besides his wife, three brothers survive him—Nicholas and William Todd, of this county, and King Todd, of Bourbon. Three sisters also survive him—Mrs. Mary Powell, of Richmond, Mrs. John Cochran, of Whites Station, and Mrs. Sarah Young, of Clark. He also leaves five daughters—Mrs. C. B. Wills, Mrs. Wm. Hubbard, Mrs. R. B. Hendon, Mrs. James Dwyer, all of this county, and Mrs. Thos. Hornsby, of Cincinnati, and two sons, Hugh Todd, who lived with him, and Charles Todd, of Gardard county.

## Another In Contempt.

David Prewitt Fined and Sent To Jail.

Not profiting by the experience of Banker Hampton, David Prewitt, a large farmer and trader, refused to answer the grand jury of Clark when it asked him if he knew of any money spent in the election. His reply was "only what was told me in confidence." Pressed for source of his information he declined to give it and was hustled before the court, who asked him the question again and on his refusal to answer, he was adjudged in contempt, fined \$30 and ordered to jail. He makes no claim that he would incriminate himself, but says he will not reveal confidential information. As an ordinary proposition that high sense of honor would be commendable. In such a case as this it is the height of absurdity.

### In All Respects Save Murder.

Madison county has passed Clark in one respect, that of the Farmers' Chautauqua, held last week in different parts of that county and creating more interest among the farmers than a dozen State farmers' institutes.—Winchester Democrat.

### All Next Week.

The Acme Amusement Co., of New York, will be here for one big carnival week, beginning Monday, October 6th. This is one of the best amusement companies on the road and will not doubt get a good share of the public patronage. Read the ad. in this issue and watch for further announcements. It will be one big week of pleasure.

### Cries Scared Them Off.

Burglars succeeded in getting through the rear to the room occupied by Mr. George Doemas, one of the proprietors of the Paris Restaurant, who sleeps upstairs in the rear of the building, and were trying to break in through his door, when Mr. Doemas awakened and called to his brother. This frightened the thieves away without their getting any of the restaurant man's hard cash. Mr. Doemas wants it known that he has a gun in his room and that unless they want it fired into their vitals, burglars had better seek other pastures.

### Seed Wheat.

We have some excellent seed wheat, re-cleaned and ready to sow. This wheat was grown in Madison county by T. E. Baldwin and J. T. Tevis Cobb. We also have some nice seed wheat grown in Garrard county. Look at our wheat before buying. The Madison Milling Company. 103-31

## Works Like a Furnace At Far Less Cost!

Moore's Air-Tight Heater is built on an entirely different principle than other heaters. It heats like a furnace—by circulation instead of radiation.

It burns hard coal or the cheapest kind of slack and can be run at less than half the cost of other heaters. Furthermore, it heats a much larger space than any other heater on the market. One Moore's Air Tight Heater will keep your entire house comfortable.

### Moore's Air-Tight Heater

is the cleanest and handiest heater ever made. The Egg Shaped Dome and Hot Air Blue Firepot consume all the gas and all the carbon there is in the coal. There are no clinkers and no cinders.

The Air Tight Draft Control enables you to hold a fire from 21 to 48 hours and prevents even the slightest waste of fuel.

Moore's Air Tight Heater is the only heater having a Dust Flue. It prevents the dust and small ashes from collecting on the carpets and furniture by taking them all up the chimney. The Ashpan Apron prevents any ashes from falling on the floor when pan is removed.

All parts are surface ground and fit together air tight. No part of wood is mounted. Nothing but asbestos with the heat so that the stove is perfectly air tight under all conditions. This is under your perfect control at all times.

### Heats Upstairs and Warms All the Floors!

With Moore's Air Tight Heater the air in the farthest room is heated to the same temperature as the air in the same room as the stove. Just one of these heaters is all that's necessary to heat your entire house—both upstairs and down. And every floor will be as warm as a furnace would make it.

Just think what this means—one stove that will replace two or even three others, give better results than all combined and cost less to operate than any one.

And these are only a few of the many advantages which Moore's Air Tight Heater can offer you. All

nicked parts are of the very best finish through a process known only to the House of Moore. One polishing keeps it like new for a whole year.

Stop in at our store the next time you're down town and let us tell you all about this handsome stove. It costs you nothing to investigate.

## Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, writes: "There is almost no relation between skin diseases and the blood. The skin must be cured through the skin. The remedy must be washed out, and so salves have long been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema."

Dr. Holmes, the well known skin specialist writes: "I am convinced that D.D.D. Prescription is as much a specific for eczema as quinine for malaria. I have been prescribing the D.D.D. remedy for years. It will take away the itch the instant you apply it. In fact, we are so sure of what D.D.D. will do for you that we will be glad to let you have a \$1 bottle on our guarantee that it will cost you nothing unless you find that it does the work."

In Real Estate, Stock and Crop Reports of Special Interest :

Strictly first class eggs are selling in New York at 65 cents a dozen.

It is said the frost of ten days ago damaged the tobacco crop to the extent of \$500,000 in southern Ohio.

The wild west show is in quarantine line in Marion county by order of the State Commissioner, because Texas fever has broken out among its stock.

E. B. Myers, of Bourbon, purchased last week from W. T. Hamon, of Harrison county, a pair of 5-year-old work mules for \$245.

F. T. Logan sold this week to Joe Kindig, of York, Penn., 33 yearling mules at an average of \$105 per head. The lot embraced 25 mares and 8 horse mules—Danville Advocate.

Several loads of corn were on the market here this week, selling at \$5 per barrel, which indicates the high price that will prevail for feed the coming winter. Hay is \$25 per ton, and scarce and high at that.—Danville Messenger.

John W. Hall sold to J. A. Hamon 21 yearling steers (baby beef), averaging 1,000 pounds, at 8 cents.—Ford & Wood sold for Mrs. Fannie Walker her farm of 150 acres on the Stamping Ground place to Horace Grover for \$125.—Georgetown Times.

There has been quiet a deal of stock trading in Bourbon and over 1,000 fat cattle have been shipped to market. Cassius M. Clay sold 90 at 7 1/2; W. H. Mullins 50 at \$7.35; W. B. Woodford 50 at 8c, and so on.

The number of acres of tobacco raised this season in Clark county is estimated by experts to be about 4,200 acres. Offers are being made to growers at 15 to 18 cents a pound, and many growers are declining to sell even at these profitable prices. This yield will average, it is thought, about 1,000 pounds to the acre.

Tha Mt. Sterling Advocate reports sales of 50 head of 1,040 pound cattle at \$6.60, 47 of 1,050 pounds at 6 1/2-c and 30 export cattle, 1,545 pounds, at \$7.45. It also says that John C. Trimble weighed up to Thomas Coons this week 100 head of cattle which averaged 1,060 pounds. They were contracted for last January at 6 cents, with \$1 off per head.

The farm of the late Mrs. Mary A. Burton in Garrard county, containing 180 acres was sold at auction to Prentice Walker and J. M. Amon at \$100 per acre. Nineteen yearling mules were sold in pairs and brought an average of \$120 per pair; three 2-year-old mules sold for an average of \$140; 16 feeding cattle averaging 1,000 pounds, were purchased by Thomas Smith, of Payetta county, at \$71.50 per head; 50 yearling cattle sold in two bunches to Mr. Sallee, of Jessamine county, twenty bringing \$15 per head and thirty selling at \$14 per head; cows brought \$10 and calves \$25 per head; 21 shoats brought \$6.50 each; sows an average of \$20 per head; 50 head of sheep were bought by Prentice Walker at \$1.50 per head.

**Still Want Man Rights.**

An exchange says: "A man can't sell his house and lot without his wife's consent, but he must pay her bills whatever they are. If he deserts her, she can sue him; if she deserts him he has to take his medicine. If he jilt her she can sue him for breach of promise; if she jilt him he gets the laugh. If he dies she gets the property; if she dies he gets the funeral bill. If he whips her she gets the whipping post. If she hits him with a skillet the world concludes he deserves it. And still the woman want their rights."

**Women Who Get Dizzy.**

Every woman who is troubled with fainting and dizzy spells, backache, headache, weakness, debility, constipation or kidney troubles should use Electric Bitters. They give relief when nothing else will, improve the health, adding strength and vigor from the first dose. Mrs. Laura Gainer, of Avoca, La., says: "Four doctors had given me up and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so and they did me a world of good." Just try them, 50c and \$1.00 at all druggists or by mail. H. E. Bucklen & Co., Philadelphia or St. Louis.

**Autumn.**

Now we hear the Autumn calling and her face is wreathed in smiles; and the withering leaves are falling in the quiet forest aisles. Put away your trusty sweater 'mong the trophies in your den, let the carnival of laughter cease till the summer comes again! For the frost is on the pumpkin and the fodder's in the shock, and the drowsy rural pumpkin leaves his couch at three o'clock that he may afield go shucking, ere the sun has come across; and the old gray mare is bucking, for her hair is full of frost. Put away the wire screen sweater, let surviving flies remain; for a fellow hadn't oughter have destruction on the brain. Now the pastures are too ready to support the cows, and the cattle look lank and weedy, hawl for predestinated grass, and the hogs are chewing rubbings which in nourishment are rich, and the mules, with futile rubbings, would alleviate the itch. On all the land and waters coldly gleams the autumn sun. Let us put away our sweaters, for the summer's work is done. Let us put away our sweaters, till the flies return next spring, when we'll soak their sons and daughters as we caracole and sing!—Walt Mason.

Henry A. Johnston, a business man of L'Anse, Mich., writes: "For years, Foley's Honey and Tar Compound for coughs and colds has been our family medicine. We give it to our children who like it on account of its pleasant taste. It is a safe cure for coughs and colds." It contains no opiates. For sale by all dealers. ad oct

**Red Headed Girls to Have Innings.**

A dispatch from London says that the red-haired woman will find herself the favorite of fashion this winter. The vogue of the red fox fur is assured, and it is the henna-haired woman who will wear these striking skins with a most telling effect. According to the local fashion expert, quite a new character will be created by the red fox girl this season.

"She will wear white clothes," he says "with a stole and a muff of red fox. Her hair will be a deep reddish brown, and her complexion will be delicately tinted to a wild rose pink. A rope of amber beads—and what more gorgeous effect could be obtained!"

The fact that red hair will be the fashion was confirmed by M. Jules Szollosy, court hairdresser. "Red hair will sweep the country. It will be the rage. With the prevailing popularity of the red fox fur henna is the one shade that will look really well this winter," he said. "Coiffures," added M. Szollosy, "will be worn higher and higher."

On the whole it looks as if "red head" will be the highest term of flattery this winter.

**A Faulty Indictment.**

A Massachusetts minister was making his first visit to Kentucky several years ago. He had spent the night in a small mountain town where fauds and moonshine still abounded. Engaging in conversation with one of the natives, he said:

"Lord," replied the man, "there ain't 25 Bibles in all Kentucky."

The changeable weather of early fall brings on coughs and colds that have a weakening effect on the system, and may become chronic. Use Foley's Honey and Tar Compound. ## WHAT AILS STATE OF KENTUCKY

Traveler Ascertained Facts About One Community

**CHANGE IN TAX LAWS NEEDED**

Why Are 600,000 of Kentucky's People Living in Other States?—A True Story With a Moral—What Do You Think About These Conditions?

A traveler recently, while waiting to change cars at a little town in South-eastern Kentucky, had a conversation with an intelligent business man of the place and ascertained the following facts:

"What is your population?" he asked.

"About two thousand."

"What is your principal industry?"

"We have none, unless stores count."

"Have you no factories?"

"None except a tombstone maker."

"How is your population employed?"

"Well, we have fifty-two stores, nine hotels and restaurants, two newspapers, one laundry, one photograph gallery and two banks."

"You seem to have good railroad facilities."

"Yes, we have railroad running north, south, east and west; twenty-six passenger trains in and out every day and no end of freight trains."

"What does the surrounding country produce?"

"Coal, timber, clay, stone, corn, wheat, tobacco, fruit and vegetables."

"What becomes of all these?"

"They are shipped to different parts of the country."

"Has your town increased in population?"

"Not much in the past twenty-five years."

"How are your young people employed?"

"They mostly drift away and get work in the cities."

"Has it never occurred to you to start a few factories and keep them at home?"

"Yes, it has been tried, and we at times had a commercial club, whose aim it was to get some factories here, but they couldn't seem to do anything."

"What were the obstacles?"

"Well, some people were induced to come here and found cheap land, cheap fuel, good shipping facilities, but no labor, and some of the inquisitive ones asked about taxes, etc., and nothing came of it."

"What is the trouble with your taxes?"

"Well, you see, we have the general property tax in Kentucky, and when they were about to assess our taxes and found they had to pay taxes on about seventy-five different kinds of property, and all at the same rate, they ducked."

"Is this true about the taxes?"

"Well, it is pretty near the facts. The city and county and state and schools all have to be paid for. A man starts a factory he has to pay on his machinery, his raw material and finished goods; his cash and accounts, and, of course, on his land and buildings, and a good many other things, including his watch and stockpile, and, if he has any children, he must pay on the books and piano and his horse and buggy and almost everything but his shirt, and all the trouble is, he never knows exactly what his taxes will be. If he omits any of the seventy-five things the legislature could think of he must think of himself, there is the revenue agent who gets a commission on anything he can find, and then there is the county equalization board, which scrutinizes his returns and adds what it likes, and then the state board at Frankfort takes a whack at it and generally raises the whole thing, and it simply keeps everybody going who has anything to be taxed."

"Why don't you change the tax laws?"

"Well, they put the law relating to revenue and taxation in the state constitution, and it takes five years to effect a change, and it is hard to get the voters to understand the question. The last legislature passed an amendment and it will be voted on at the November (1913) election, and if it is ratified the change will be made."

"If it is in Pennsylvania, and every town in that state as large as yours has a factory of some kind, and many of them several. They employ the young man and women and keep them and the money they earn at home. But here comes my train, and all I can say is, you people should wake up, and if your tax laws are oppressive, change them, and your state will blossom like the rose."

"Well, good-bye, stranger. I intend to vote for the amendment myself, and may be others will do the same. It can't be any worse than the present system, and I surely would like to see some smokestacks looming up in these parts. Farewell."

**FROM REPORT OF KENTUCKY TAX REVISION COMMISSION, 1910.**

"So long as the state adheres to its present system of taxation fixed by constitutional provisions, it will impose upon its citizens a very serious handicap in the competition with the citizens of other states more favored in their tax laws, and must inevitably lose both desirable population and much needed capital."
